## Celebration of Neighborhoods

CITY ANNOUNCES PLANS FOR  
THIS YEAR'S NEIGHBORHOOD  
CELEBRATION

Mayor Harvey Sloane announced the City's intention to continue the "Celebration of Neighborhoods", renewed last year after a five year hiatus. "During my first term as Mayor, and again last year, we set aside a time and place for our neighborhoods to come together and exhibit their attributes and their contribution to our community. Louisville is a great city because we have great neighborhoods!" Sloane said.

Over 60 booths will be set up on the Belvedere for neighborhood groups and non-profit associations to display their programs, accomplishments, wares and provide information. Participants are given wide range to exercise their imagination and creativity.

There will be continuous entertainment that will include singing, dancing, novelty acts with diverse audience appeals. Taste palates will be tempted with a variety of culinary delights offered by 15 neighborhoods at food and refreshment booths.

This year's program will be held on Saturday, September 14, from noon until 6:00 p.m.

## Highland Park Christian Church Has A New Youth Minister

The Highland Park Christian Church is proud to announce we now have a new Part-Time Youth Minister. His name is Steve Wisniewski, he is 26 year old, and married to one sweet Karon. # A Note of Thanks

*I would like to thank all the people of Highland Park who were so kind and concerned at the time of the accident I had at Flo's Laundromat on Park Blvd. as well as those who have been so kind since then.*

*I almost lost my right arm but, thanks to everyone who responded so quickly, the Doctors were able to save it. Except for all the pain it has caused me, I am doing fine. Again, thanks to everyone. It was greatly appreciated.*

# Good Bye Tall Grass

Great News! The Highland Park Neighborhood Association has four new -- brand new -- lawnmowers available for members.

Everyone who has needed a mower this summer, only to be told that they all were "under repair" will rejoice in this news.

The mowers we had were several years old and had all gone through a lifetime of wear due to the heavy usage each summer. They probably lasted much longer than normal due to the continuous maintenance provided to us by Tool Librarian Jim Price and other members.

The thanks for the new lawnmowers goes to our 4th Ward Alderman, Cyril Allgeier.

# PROJECT WARM!

It is not too early to be thinking about next winter. In fact, Project WARM is gearing up.

Project WARM, a simple "first-line" weatherization program active in Jefferson County has been operating for four years.

The concept of this successful program works like this: First, at an obligation-free presentation, the basic principles of heat loss and simple home winterization is explained. Also the basic format of how Project WARM works is presented.

Secondly, all interested volunteers are then scheduled for a "hands-on" service assignment at which they are taught the practical skills of installing simple weatherization materials. It will be held at the home of an eligible elderly or handicapped citizen of Jefferson County.

Next, the volunteer participant will be enrolled as an active Project WARM volunteer. He or she may work with the program at any time, at any place and with any other volunteer he or she chooses. After completing 3 successful service assignments (after "hands-on" training), the volunteer is then eligible to receive their own supply of free weatherization materials.

Service assignments will only be scheduled for the elderly and/or handicapped citizens of Louisville and Jefferson County who also live on a low income.

If you have any questions or wish to volunteer, call Project WARM at 635-7928.

## Caution!

By the time you read this, school will once again be in session. Please remember that as you are hurrying off to work in the mornings, our children are hurrying off to school. Sometimes when the "little ones" are on their way, for one reason or another, they forget to look out for us adults.

Please remember to look out for them when they forget. Children are our most precious resource.
